CHOOSE BUCKHORN

**The Chamber of Commerce
of Metropolitan Montreal**

About Buckhorn:

Buckhorn, Inc. is a leading provider of reusable plastic packaging systems, helping customers in the automotive, general manufacturing, grocery & retail distribution, and food processing industries improve supply chain performance and reduce material handling costs. Focused on customer-driven innovation, Buckhorn offers a broad selection of bulk and hand-held containers, pallets, and custom transport products.

Solutions for You:

Your products are vital to your business. Whether you are storing your products in a local facility or transporting them across the world, our goal is to make sure those products are protected through the entire supply chain. We know you have unique needs. Buckhorn does more than just sell containers – we manufacture solutions to complex problems. We will work with you to determine the best possible reusable packaging solution for your business.

Benefits Include:

- ✓ Superior product protection
- ✓ Improved workflow
- ✓ Increased productivity
- ✓ Better ergonomics
- ✓ Maximum space usage
- ✓ Reduced labor costs
- ✓ Lower transport costs
- ✓ Ensured product quality
- ✓ Sustainable practices

DISTRIBUTION

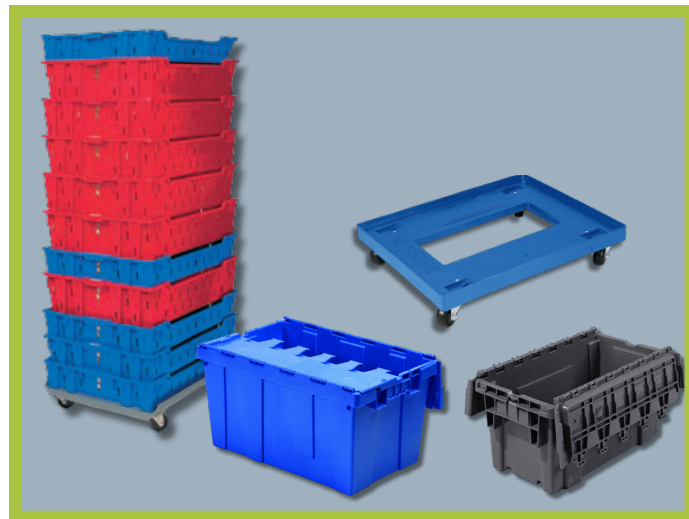

Bulk Containers

Our extensive selection of bulk containers are ideal for a broad range of material handling applications. These durable, reusable containers have high load capacities that allow you to ship, store, and handle your products with ease while increasing your operation's productivity and profitability.

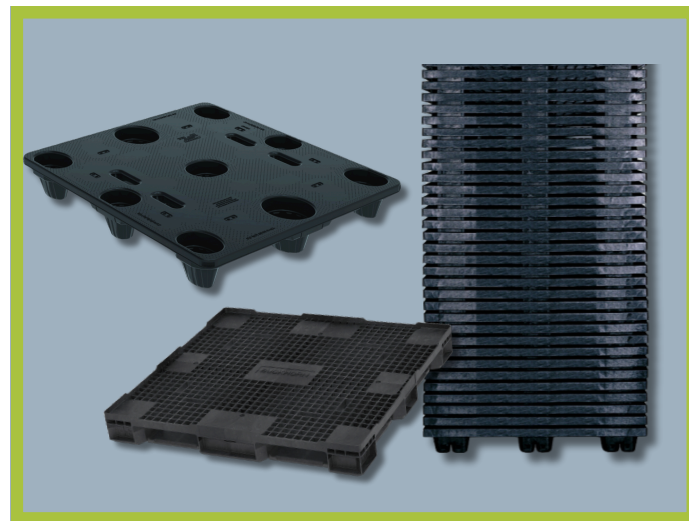

Straight Wall Containers

These Straight Wall Containers are designed for efficient cubing and part protection. Ergonomic easy-grip handles offer even load distribution and excellent grasp, even when wearing gloves. Ideal for automotive assembly, appliance, and agricultural equipment manufacturing.

Hand-Held Containers

Hand-held containers and trays are available in a variety of sizes and styles designed for shipping, picking, and storing your products. This lets you match the right container to your operation - from retail and wholesale distribution to grocery and manufacturing applications. Dollies are also available to transport totes and trays.

Pallets

Buckhorn has more than 35 years of experience in designing, manufacturing, and implementing reusable plastic pallet systems. Today's line includes a variety of pallets for light to rackable heavy-duty demands in sizes, weights, and styles designed to fit your material handling operation. Buckhorn pallets deliver superior performance and economic value.
